## Working to Help You Leave No Child Behind

NCA CASI Performance Accreditation helps your school meet the requirements of the No Child Left Behind (NCLB) legislation. The following simple tips show you how.

### School Profile

#### **Disaggregate Student Performance Data by Key Subgroups**

In your school profile, include data for the following subgroups required by NCLB: economically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and students with limited English language proficiency.

### Improvement Areas

#### **Focus on Reading, Math, and Science**

Analyze your student performance data in reading, math, and science, which are the targeted areas in NCLB. If the data reveals weaknesses, focus your improvement efforts appropriately.

### Interventions

#### **Use Research-Based Interventions**

Use classroom interventions that are based in research and best practice.

### Assessments

#### **Include State Assessments**

Use your state assessments as part of the multiple assessments required by NCA CASI.

### Documentation

#### **Document Growth for Each Student Subgroup**

Track student performance on the state assessments by student subgroup.

#### **Set Annual Performance Objectives**

In addition, NCLB requires that you set specific, annual objectives for progress on the state reading, math, and science assessments for each subgroup of students.

Leave No Child Behind

## Resources Available to You As An NCA CASI School

### Data Analysis Software

Helps schools disaggregate, analyze, monitor, and document results

### School Improvement Materials

Includes a framework for school improvement, tools, and rubrics to help schools implement continuous improvement

### School Improvement Workshops

Offers participants practical, hands-on training on school improvement

### 108th Annual Meeting

Raising Student Achievement: Practices that Work  
April 6-9, 2003

Provides participants with proven strategies for increasing student learning at the classroom, building, and system levels

### Electronic Library

Provides research-based strategies for improvement

### School Improvement Support

Provides on-site, one-on-one support in school improvement

Includes NCA CASI State Office personnel, visiting team chairs and members, NCA CASI Ambassadors, and technical support
